PROFESSIONAL EXPERIENCE

Reskill Americans Student

Full Stack Development - current Front End Development -2021

- Developed applications under strict deadlines and heavy workload, providing unique solutions through the end-to-end process (prototype to code, debugging, etc.).
- Built responsive applications with a mobile-first mentality while overcoming challenges through ingenuity, dedication, and attention to detail.
- Acted as a liaison with developers, project managers, and the UX team to design creative and intuitive solutions, instituting new channels for communication across projects.
- Noted for executing independent research to overcome new challenges and consistently meeting deadlines.
- Selected to help other struggling teams and provided comprehensive feedback.
- Received recognition as a star front end developer and was designated to present at a demo day.
- Offered unique insights to the organization's focus group (Reskill Americans) to help make web design/flow decisions, increasing knowledge at every opportunity with the latest methodologies.
- Uncovered opportunities to improve responsiveness, develop smoother functionality, and perform all other front end functions, reducing required work hours throughout development.

Sayreville Public Schools Teacher

2011 – 2021

- Produced outstanding educational resources, presented complex information effectively, and provided critical contributions to the utilization of new learning technologies and engagement strategies.
- Emphasized constant performance improvements, handled gap analyses to assess the current state, prioritized performance issues, and supported curriculum planning.

Additional Experience: Liberty Academy Charter School, Teacher, 2007 – 2011
